OIS Video Skills Screening Schedule

OIS Video Skills Screening Schedule

In order to ensure the results of the OIS Video Skills Screening are sent to applicants quickly, there will be up to six (6) two-week testing periods per year. In addition, there will be up to only nine (9) screening appointments available during each two-week period.

In the OIS registration process, the applicant must indicate their 1st, 2nd and 3rd choice of screening periods. This must be done at least three weeks before the opening of the two week screening period. Requests for a specific two-week period can be booked in advance. For example, the applicant can request an appointment for the October period in May.

If an applicant requests a screening during one of the scheduled two-week periods, but no appointments are available, then s/he will be offered an appointment in the next two-week period.

Interns from OIS Interpreter Internship Program (IIP) may take the screening when their internship is completed.

During 2012, the following two-week periods will be offered for screening appointments in the province.
